

Raising a Thinking Child

Helping Children Learn HOW, not WHAT to think.

Developed by Dr. Myrna Shure of Drexel University, Raising a Thinking Child empowers you to help your 4-7 year old child learn HOW to think, not WHAT to think. Through weekly classes, along with fun interactive activities for you and your child to play at home, your family will learn to think in new problem-solving ways!

Thursdays

July 11-Aug. 22nd
6:00-7:30pm

Free Family Meal

Free childcare upon request
