BY-LAWS
Of the
DOOR COUNTY LOCAL EMERGENCY PLANNING COMMITTEE

PURPOSE AND AUTHORIZATION

In order to protect the community from harmful and possibly life threatening effects of a hazardous materials release, this Local Emergency Planning Committee's (LEPC) purpose is to develop policies and procedures for responding to hazardous materials incidents and/or accidents in compliance with the requirements of Title III and the Superfund Amendments and Reauthorization Act of 1986 (SARA), PL 99-499; and Wisconsin Act 342, Hazardous Substances Information and Emergency Planning Act, and the 1989 Assembly Bill 353.

The By-Laws define the roles, responsibilities and inter/intra-organizational relations of government and private organizations in response to a hazardous material incident. They are formulated to be incorporated into the Door County Hazardous Materials Emergency Response Plan.

The LEPC is also charged with notifying the public of its activities, hold public meetings to discuss the emergency plan and obtain (and respond to) public comment, and finally to distribute the emergency plan.

SECTION I - MEETINGS

The LEPC has established a normal meeting location of the Door County Justice Center or the Government Center, Sturgeon Bay, Wisconsin. Meetings of the LEPC will be established by the Executive Committee and will be scheduled as needed and in accordance with the requirements of the Plan of Work. Special meetings of the LEPC may be called by the Chairperson with public notice of at least 72 hours prior to the event.

During emergency conditions when a release of a substance covered by the notification requirements of Title III, Section 304, has, is occurring, or is imminent, the Chairperson may call an emergency meeting of the LEPC as soon as possible with the provision that all responsible attempts are made to notify the public of the meeting through local media channels. The conduct of business of such meetings will be limited to those items required by the emergency conditions present.

Items to be included in the Agenda will be submitted to the Coordinator of Information at least five working days prior to meeting of the LEPC unless an emergency condition is present. The Agenda will be compiled and mailed (or emailed) to committee members, local media representatives and others who request copies, at least 24 hrs. prior to the meeting.

The LEPC will in every Agenda provide at least 30 minutes of time to receive public comments and input. Time for public comment will be allotted on a first come, first serve basis. The LEPC may limit comments to a certain time frame and limit public input time above 30 minutes per meeting with a majority roll call of the committee.

A quorum will consist of 50 percent of the State Emergency Response Board (SERB) approved membership of the LEPC. A majority vote of members present where a quorum exists will be needed for passage. Alternates will not be allowed voting privileges.

Members of the LEPC are required to attend 50% of the scheduled yearly meetings (when there is more than one meeting annually). If this requirement is not met, they will receive a letter asking of their intent to remain on the LEPC and if interest is not shown, they will be removed from the LEPC.

Minutes of all meetings and sessions of the LEPC will be distributed to committee members, the area office of the Division of Emergency Management (East Central Area) and others who request them.
