## DOOR COUNTY HEALTH AND HUMAN SERVICES BOARD MINUTES

Monday, May 11, 2020

These minutes have not been reviewed by the oversight board and are subject to approval or revision at the regular meeting.

### 1. **Call Meeting to Order**

Meeting called to order by Board of Health Chair Megan Lundhahl at 3:08pm

### 2. **Roll Call – Establishing Quorum**

**Present:** V. Chomeau; Dr. J. Heise, S. Kohout, C. Krause, M. Lundhahl, M. Moeller, N. Norton, R. Rau, and E. Tauscher

**Excused:** None

### 3. **Adopt Agenda**

A motion S. Kohout to adopt agenda as presented was seconded by R. Rau. Motion carried by unanimous voice vote.

### 4. **Approve Minutes**

Motion by R. Rau and seconded by E. Tauscher to accept the March 9, 2020 Joint Board of Health and Human Services Minutes. Motion carried by unanimous voice vote.

### 5. **Correspondence**

J. Krebsbach brought attention to a letter sent to him from Joe Miller, a longtime member of the Human Services Board, thanking Joe and the committee for his experiences and being allowed to be part of process. M. Lundhahl expressed appreciation on the board's behalf for Joe's years of service.

### 6. **Election of Chair and Vice Chair**

S. Kohout nominated Megan Lundahl to serve as Chair for this committee. Nomination was seconded by V. Chomeau. No other nominations were presented. Megan Lundahl was elected to serve as Chair via unanimous voice vote. Position accepted by M. Lundhahl.

M. Lundhahl nominated Erin Tauscher to serve as Vice Chair of the committee. Nomination was seconded by S. Kohout. No other nominations were presented. E. Tauscher was elected to serve as Vice Chair via unanimous voice vote. Position accepted by E. Tauscher.

### 7. **Public Health**

#### a. **Public Health Activity Report**

Highlights of the report were shared by Sue Powers, Health Officer/Manager Public Health. Primarily COVID-19 related since March as report indicates.

#### b. **COVID 19 Update**

As of today, Door County has 22 confirmed cases of COVID-19; there are nine (9) cases that have recovered; Three (3) deaths; a total of 572 tests performed; 502 resulted as negative; 48 are pending. Several new cases were resulted over the weekend. Extent of needed contact tracing is increasing, which is attributed to people not staying home, causes the process to be more complicated.

Sue provided an overview of what the Public Health staff is doing in relation to the COVID-19 pandemic. Every person tested receives a call from Public Health as part of their

investigation and to provide education regarding isolation protocol and answer any questions patients may have. The only exception to the follow-up calls are testing done on pre-op and hospitalized patients. Public Health staff do follow-up on confirmed cases- Contact tracing (current lingo). Prior to COVID Public Health was stretched to capacity. Currently, down a full-time RN position. Staff is working seven (7) days a week. State strategy is to increase testing. Current plan to test all residents and staff of LTC facilities. Rapidly changing situation creates challenges. Great partnership with Door County Medical Center which has been very beneficial during this time.

Most other Public Health Programs on hold except Women, Infant and Children (WIC) April enrollment was 309- currently, there is a temporary federal waiver allowing certification to be done over the phone. This waiver is good through the end of May. Awaiting further guidance from the State about an extension.

May 4th State Department of Health Services (DHS) suspended 140 reviews. Plan to reevaluate in June and ours will be rescheduled. Also not required to do the community needs assessment which was due for 2021. Public Health had been doing some preliminary planning.

The third week in March the county implemented the Incident Command Structure (ICS) which is a streamline approach to emergency management. Roles defined. Working closely with Dan Kane, Emergency Management. County Emergency Operations Center (EOC) meets 3x week comprised of leaders from city and county entities and municipalities.

**c. Meet the Team-Video to be shown next month**

**8. Health and Human Services**

**a. Wisconsin Home Energy Assistance Program (WHEAP) Update**

J. Krebsbach announces that a change has been made to the WHEAP Program. Prior to bringing in-house about 3 years ago, this program had previously been contracted out we pulled that in to do internally. At the time, believed we could do it most cost effective in-house, state has since reduced the reimbursement for this program making it no longer cost effective to do in-house. As a result, this position has been eliminated. The staff member who was facilitating the program is no longer with department. Plan to come up with a more permanent plan going forward. Consideration for contracting out or use current staff to cover the program. This change took place May 1<sup>st</sup>.

**b. Staffing Updates**

- a. Vacancy-Full-time RN position on Public Health hoping to make an offer this week, waiting for background and reference checks to be done.
- b. Social Work Supervisor -have an accepted offer. Will start next week Monday.
- c. Two (2) other offers have been made-Activities Coordinator for the ADRC and YCC Youth Support Specialist with no start date. Programs not currently active. Revisiting activities coordinator and considering potentially starting sooner than later as a resource to help re-imagine "Virtual ADRC".
- d. AODA Therapist (Contacted Position)- Have begun to re-advertise. This position is to work with individuals in drug court and on probation.

- e. CCS vacancy- Holding on the re-hire process for now.
- c. Request to Refill Behavioral Health Case Manager-Crisis and any Subsequent Vacancies.**  
Current Behavioral Health Crisis Case Manager going back to school in September. J. Krebsbach states this is one of most crucial roles in department. This staff person follows all commitments and inpatients, screens all new clients for services as well as all daytime crisis work. Motion made to refill Behavioral Health Case Manager-Crisis and any subsequent vacancies by S. Kohout and seconded by M. Moeller. Motion carried by unanimous voice vote.
- d. Public Health Contacts Support**  
There is anticipation that we will see an increase in numbers for Door County. This is in relation to the state goal of increased testing, loosening of the “Safer at Home” orders and an increase in positive cases as a result. Public Health does not currently have the capacity to make the required calls alone. Currently, six (6) Social Workers have been trained and are assisting with the calls. Their time is limited due to usual duties and current workload. We are looking at bringing in up to three (3) additional staff to just make calls. Hope to secure them at least through the summer. As the county is operating under the Emergency rules of Operation, Administration is able to authorize without approval from committees.
- e. Operation Changes**  
Document created by Cori McFarlane, Deputy Director that outlines the current practices for each division. J. Krebsbach states that it took a lot of quick maneuvering on the state and county level to allow staff to move into work from home quickly.
- f. 2019 Annual Report**  
J. Krebsbach shares some fiscal highlights that included: Despite being \$500,000 over budget for psychiatric expenses and placements, Public Health, ADRC and Human Services budgets ended the year all in the black. Overall, about \$360,000 to the good. J. Krebsbach states that Behavioral Health and Community Support Programs generated revenue above budgeted amount and able to capture more billable services positively impacting the bottom line.
- g. Introductory Period Completion**
  - i.) Kara Berghuis
  - ii.) Cassaundra Bratz
  - iii.) Taylor Jandrin

Cassaundra Bratz and Taylor Jandrin have completed their introductory period of employment. They have now achieved regular employment status. Kara Berghuis probationary period is being extended four (4) months until 7.16.20 to allow time for her to complete her Social Worker Exam
- h. Vouchers**  
No discussion
- 9. Set Date for Public Participation Meeting-**  
Meeting dates set for June 8, 2020 and August 10, 2020 both at 3:00 PM
- 10. Topics to Be Referred to the Legislative Committee**  
None
- 11. Matters to be Placed on a Future Agenda or Referred to a Committee, Official or Employee**  
None
- 12. Set Next Meeting Date**  
Meeting set for June 8, 2020 at PM 3:00

**13. Meeting Per Diem Code**

321

**14. Adjourn Meeting**

Motion by M. Moeller to adjourn at 3:51 PM. Motion seconded by B. Rau. Motion passed by unanimous voice vote.

### Quarterly Written Agency Updates June 2020

#### I. Division Updates

- A. Behavioral Health:** Since March, there has been a bit of a reduction in Behavioral Health services. In mid- to late March, clients were hesitant to come in to the office for sessions due to the threat of COVID-19. When we transitioned to telehealth services, many of our existing clients did eventually come back. New referrals have been impacted in part because we put new assessments through our contracted Intoxicated Driver Program (IDP) on hold until three weeks ago, resulting in fewer referrals for AODA Counseling. Additionally, there have been fewer crisis referrals and hospitalizations, which reduces the number of people coming to us for follow-up services. Typical community referrals from physicians have been significantly reduced, as people have suspended many routine doctor visits. We are finding that all the issues and challenges that brought people to our services before the pandemic are all still challenging clients during this pandemic. Challenges with depression, anxiety, relationship, parenting difficulties and substance use, all remain as threats to mental health at this time, only they are now blanketed with the additional threat of the pandemic. As a behavioral health team, we are working to maintain our own health and the health of our families' so that we can safely provide for the residents of Door county.
- B. Crisis Team:** Since the Safer at Home order went into effect the last week of March, there has been a reduction in crisis calls and emergency detention requests, and fewer people have been admitted to inpatient psychiatric facilities.
- C. Community Support Program:** The program currently serves 57 consumers. In May we received two new referrals for clients who will be released from prison and enrolled in the OARS reentry program with the assistance of DCDHHS services. CSP contacts have increased since March 23, because many of the clients require multiple phone calls over the course of the week. For clients in crisis, the team also makes calls over the weekend.
- D. Child Protection/Youth Justice:** The CPS/YJ team welcomed Quinn Hansen on May 18. This newly created position will assist the manager with various supervisory and program duties and will also serve as our Foster Care Coordinator. Quinn is a great addition to the team.

During 2020 we have had 16 children placed in foster homes, and three in treatment level foster homes. There have been no placements in Group Homes, Shelter Care, or Residential Settings. There were only ten days in Secure Detention used (in February) for one youth.

Also in 2020, we have achieved permanency for three children. One child was placed in guardianship with a relative, and two others returned safely home to their families.

The Youth Connection Center has been closed, but staff have been maintaining contact with youth and providing at-home skill building activities to keep youth busy and engaged. The YCC staff are working with area businesses to connect youth with employment opportunities supported through a grant.

- E. Children and Families Support Services team:** On March 13, the state gave counties the directive to cease in person service delivery. Our case managers and contracted service providers worked quickly to assess the needs of the children and began to engage in phone and video conferencing to deliver needed support such as mentoring and daily living skills training.

The Program Manager, along with our ADRC Director, were interviewed by Door County Daily News to discuss how the pandemic is affecting individuals with disabilities. Remarkably, many of our participants are doing quite well and seem to be enjoying the quieter time at home with their families. Creative ideas are being explored to meet needs during the summer months.

- F. Comprehensive Community Services/Coordinated Services Teams (CCS/CST):** In the first quarter of 2020, we served 58 youth and adults in CCS and 39 youth in CST, with the majority of youth being dually enrolled in both program areas. We have continued to receive referrals throughout the public health emergency. One youth and one adult were successfully enrolled during the Safer at Home order, even though in-person service delivery has been suspended through June. Like most divisions, CCS saw a dip in face-to-face, billable contacts in March. However, April proved to have the highest level of billable time for any month thus far in 2020, with increases of 3-4% over January and February levels.
- G. Economic Support:** As reported last month, many changes to policies have been implemented due to COVID-19. Applications generally declined during this period, but FoodShare applications increased this year. While some of the workload declined in certain areas due to customers not needing to verify information, staff were able to concentrate on case discrepancies and completed most of them, including a backlog. There is concern for a bottleneck of increased workload in fall if DHS continues to manipulate annual renewals and move them out by three months; at this point we anticipate a high workload in September. The WI Home Energy Assistance program continues to see a decline in applicants; this is seen statewide. As a result of the decline and funding issues, the WHEAP Resource Specialist position was eliminated on May 1. Economic Support staff are now processing applications. The Department of Energy recently issued several changes due to COVID-19, including the ability to process regular applications through September 30. Usually the end date for regular applications is May 15. The Moratorium that blocks utilities from being disconnected from November 1<sup>st</sup> to April 15<sup>th</sup> was extended by the Governor's order due to the COVID -19 Emergency, and we do not know when it will end.
- H. Aging & Disability Resource Center:** In response to the coronavirus situation, the ADRC officially closed our doors on Monday, March 23<sup>rd</sup> and quickly adapted, cancelled or

postponed all in-person programs and activities. Here's a brief summary of the impact of some of the changes:

- The Congregate Meal Program at all five meal sites shifted to a carryout meal model. Meals on Wheels delivery volunteers were temporarily replaced with staff. We are serving roughly the same amount of total meals throughout the month. In January we served 3,579 meals, and in April we served 3,376. This is largely due to an increase in both our hot and frozen home delivered meal programs. We added two additional meal site days on Washington Island and also started a frozen meal program on the island.
- Information & Assistance workers and the Elderly Benefit Specialist have continued to provide services via phone, email and virtual meetings.
- At the end of April, we started a new "Door County Caregiver Connection" Facebook Page. The group is private and provides family caregivers with information, resources, and tools to help support them at home as well as connect them with other caregivers who may be facing the same challenges.
- We are excited to launch a new "ADRC @ Home" project to provide opportunities for individuals to participate in more activities and programs from home and stay connected to one another. In June we are working to schedule more virtual events, activities and programs. Program announcements will be posted on our Facebook page (ADRC of Door County – Door County Community Center) and/or website ([www.adrcdoorcounty.org](http://www.adrcdoorcounty.org)).
- Freedom From Falls Project Update: We have received 31 falls related referrals from EMS since the start of the year.

## **II. Noteworthy Data Trends**

- A.** In most areas, client contacts were reduced in March due to client cancellations and our needing time to figure out how to switch to virtual service delivery. Contacts began to rebound in April, and we are finding staff are now, in many cases, more productive working from home.
- B.** Both Child Protection and Youth Justice reports have decreased since March. This is a statewide trend, as children are not seeing teachers, doctors, or other mandated reporters, and law enforcement has not been charging individuals with crimes as frequently during the pandemic. However, the complexity of the cases we are getting is higher and demands more time spent on assessing, processing, and servicing.
- C.** Adult Protective Services were down in the early days of the shut-down. March started off with 11 Adult at Risk referrals between 3/1 to 3/22. After the Stay Safe at Home order was issued, there were only 3 referrals between 3/23 to 3/31. In April there were 16 reports, and two resulted in Emergency Protective Placements. Typically, APS calls come from neighbors, church members/clergy, and primary care providers, and these contacts are not happening. What we are seeing is family call and don't get a response, so law enforcement is asked to complete a wellness check. Several of these checks have resulted in emergency medical treatment where it is determined it was not safe for the client to return home alone, as they were unable to care for their basic needs.
- D.** Additional data available with attached Health and Human Services Statistics Report.

## **III. Fiscal Updates**

- A.** The reduction in crisis calls received during the pandemic has resulted in a significant decrease in inpatient hospitalizations. Those that are hospitalized are also staying for shorter periods of time. Through April, we have had 29 admissions and 305 days of

hospitalization. If this pace were to continue, we would be far less than each of the past three years.

- B. Other budget projections can be seen on the additional report.

#### **IV. Agency & Community Collaboration**

- A. Collaboration across divisions within the Department is something we always promote. This has been especially evident these past three months as a number of staff from across the department have pitched in to help with essential functions in Public Health and our ADRC Meals on Wheels program.
- B. DCDHHS Behavioral Health Manager Donna Altepeter partnered with a therapist from Door County Medical Center to do a Facebook Live event focusing on mental health during COVID-19. This followed one of the weekly events on the pandemic hosted by Dr. Heise and Sue Powers.
- C. A concern for lack of safe, supervised activities for youth this summer has prompted us to work with the United Way, STRIDE and Creative STRIDE to design a summer Public Arts Camp for youth. This initiative will pair small groups of youth (in a socially distant manner) with local artists to create public art projects in the community. DHHS is able to fund a portion of this through our CST funding, and we are seeking community funding to cover the remainder. It will be open to youth served by our department as well as youth community-wide.

#### **VI. Sharing our Successes**

- A. The Adult Protective Services Unit has worked with a 95-year-old female resident since 2014. The woman has had frequent contacts with the Door County Sherriff's Office. She lived alone in her own home and experiences mental health issues that left her paranoid and unable to freely access supports and services in the community. She began experiencing dementia, which further complicated the situation. APS staff slowly began developing rapport with her, and eventually weekly visits with frozen Meals on Wheels delivery became the norm. A trusting relationship developed, and the woman became open to increased supports. The woman's ability to remain safely in her home was continually monitored, and APS continued to collaborate with the Sherriff's Deputies as needed. Recently the woman's health took a turn, and it became apparent that she was no longer capable to live independently. The APS Unit had prepared for this time to come. The woman was provided the health care she needed and transferred to an Assisted Living Facility. Although the woman continues to ask about her home, she is now thriving at her new residence. She participates in activities and events and enjoys socialization with her peers. We are eagerly awaiting the relaxation of restrictions due to COVID-19 to be relaxed to allow family and friends to visit her.

Re: Completion of Introductory Period  
Employee Name: Anna Calhoun  
Position: Comprehensive Community Services (CCS) Case Manager  
Start Date: November 18, 2019

As of May 18, 2020, Anna Calhoun has successfully completed her introductory period as Comprehensive Community Services (CCS) Case Manager with Door County Department of Health & Human Services.

Anna has completed all orientation and introductory training required for her position and continues to participate in additional learning opportunities. She is meeting all expectations of the position and performing assigned duties and responsibilities as required. She has demonstrated her ability to competently follow policies and procedures, and does not hesitate to seek supervision when necessary.

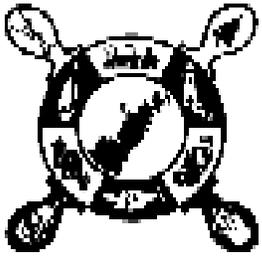

Anna is a wonderful addition to our agency and CCS Team. She has established positive connections with colleagues and community partners. She has a strong work ethic and positive attitude which serves her well in this role.

Without reservation, I recommend that Anna move to regular employment status effective May 18, 2020.

Sincerely,

Jamie Cole, CAPSW  
CCS Program Manager

Cc: Joe Krebsbach, Human Services Director  
Human Services Board  
Administrative Committee

Re: Brandon Gross Introductory Period  
Position: Social Worker

Brandon started employment in the youth justice position December 16<sup>th</sup> 2019. His six-month introductory period will be May 2020. Brandon has participated in numerous required trainings related to his specific job functions with youth justice, child welfare, including Juvenile Court Intake training. Brandon has provided case management for a variety of case types including youth justice, voluntary services, and one child protection case. Brandon is meeting all orientation and training expectations for his specific position. Brandon is a valued employee and is a great asset to the team, department, and County.

It is recommended that Brandon move to regular status upon his six month introductory period completion.

Sincerely,

Doreen Goddard, MSW  
Door DHHS  
County of Door
